

INTERNATIONAL PARALYMPIC TABLE TENNIS
COMMITTEE

IPC TABLE TENNIS REGIONAL CHAMPIONSHIPS ALLOCATION

“In case that regional Championships are not conducted or an event is not held at regional Championships, then the qualification slots attributed to the Championships or the specific event will be redistributed to the individual event quota and allocated in accordance with the IC Table Tennis Male and Female Ranking List Allocation Method.”

This means also that in case of low entries some classes are to be combined, only the “GOLD” winner from this combined classes can be selected.
It should not be fair to select a player in each class !

For example :

Men class 1 : 3 entries - can not be organized – to combine with class 2
Men class 2 : 5 entries

Event to organize : Men class 1-2 : 8 entries

Selection for Athens 2004 :

In case of a class 2 is the “GOLD” winner, he shall be selected in Men class 2 and the class 1 slot shall go over to the Individual Ranking Selection Method.

In case of a class 1 is the “GOLD” winner, he shall be selected in Men class 1 and the class 2 slot shall go over to the Individual Ranking Selection Method.
