

ENTRIES for REGIONAL CHAMPIONSHIPS

Our rules says that to be allowed to play in open, a player has to enter in single AND/OR in team.

The system used in Kuala Lumpur was the following :

3 players maximum in single event per country and
1 team maximum in team event per country.

The single players and the team players can be different to give each region the possibility to enter more players in the Championships (only one important tournament without selections !)

This means that we can allow more than only 3 players by class but only 3 of them can play in single event .

Example : Men 6 = 4 players
3 only allowed in single, 4 allowed in team, 4 allowed in open.

The maximum number of players possible is
7 per class = 3 in single, 4 others in team, 7 in open.

The same system will be used in the 4 Regional Championships
