

Official launching of the new ATTC Website

3rd October 2005

WWW.AMERICASTTC.ORG

The Americas Table Tennis Committee for the disabled has the pleasure to officially present the new ATTC's Website.

Dear America's friends, for us It's a pleasure to introduce you the new ATTC website. We have been working too hard in this project since the beginning of the year. It took more time than we were expected, but we are so happy now because the website is on the air.

We would like to thank the design company [Alfadesign](#) and [Edimilson Matias](#), our development officer. The main goal of this website is to improve the communication in our region. The idea is to publish tournaments, national rankings, pictures, seminars, conferences, etc.

This is just the beginning. The website will be completely done as soon the countries send us their information. It's extremely important the nations participation on this project. We intend to make **English** and **Portuguese** versions until the end of the year and somebody who wants to collaborate will be welcome. Critics and suggestions pertinent will be welcome too.

We hope that the Forum of Discussion can be used in order to share information and point of views. I leave you now cordially wishing that this is just the beginning of a new era in our region, and I do not have doubt about it.

[Leandro Olvech](#)
ATTC - Chairman
