October 25th - November 3rd, 2010

Introductory seminar on ID Classifications in Table Tennis

Report

An introductory seminar on ID classifications was held during this World Championships on the 29. november 2010.

As lecturers was present members of special working group, Mr. Sheng-Kuang WU /ITTF-PTT/ and Ms. Debbie Van Biesen /Leuven University/ .

More then 20 persons from all regions and various positions in PTT /classifiers medical and technical, coaches, umpires, team managers, .../ were present in this seminar.

The seminar was consisting of more then 3 hours of interesting videoprojections and lectures, concerning both, Generic sport intelligence /Debbie/ and Sport specific TT intelligence /Sheng/, from theoretical and practical part of view, following with discussion.

All participants received 30 pages of coppied materials each on this issue, concerning both, research and practical part of classification of ID athletes in table tennis.

The seminar was on high level of lectures and all participants were very interested in this issue.
