**Evaluation:** **Accommodations** – The Alfanar Palace Hotel was accessible for the wheelchairs. The level of the accommodation was very good. The participants lived there in double and single rooms. All the meals were very good there too.

**The rooms and bathrooms were fully accessible for the wheelchairs.**

**Transport -** The transport from the airport to the hotel and the local transport from the hotel to Venue were organized without some problems. The Organizers have prepared the parallel number of the buses and minibuses for the standing and the wheelchairs players too.

**Sport equipment -** Good - new, ITTF approved for all of our classes.

**Information:** Time schedule and draw were on the information board, all of the next information were given to delegations through the pigeonholes.

**Referee :** Cyril Sen led the tournament very well and fully professionally. He has always prepared all next steps in the leading of Al Watani.

**Referee Mr. Cyril Sen (MAS) and Deputy Mr. Referee Isam Alfakir**

**Deputy referee :** Isam Alfakir cooperated very well with the Referee and his job on the tournament was very important too, therefore Al Watani Open was played in Jordan and more than 60% of the players were there from the 6 Arabic countries too. For the good level of the organization of the tournament, was then very important to have there the Deputy Referee which speaks well English and Arabic too.

**Umpires:** Good team, without some protest or other problems during the the play, although we had for the tournament only umpires from Jordan.  
Organizers invited umpires from abroad, but therefore the political and the economical situation isn't now in the nearby countries good, no some umpire from this region could arrive.

Before the every round of the event was the short meeting of the umpires.

**Computermen:** Mohammad Smadi and Ammar Algadi were very good and experienced team, therefore their work was always in time and well made.

**Ball girls/boys :** In hall was always the enough number of them, well organized and well instructed by their leadsr. All of them had always nice, uniform black jumpers.

Most of ball girls and ball boys are by the tables, part of them are waiting.

**Organization :** The whole organization of the tournament was made already very professionally, therefore the organizers always try to learn from some mistakes which were made in their previous tournament. Two times daily: morning before the 1<sup>st</sup> round and after the lunch, were organized the nice marching of the umpires + players with the music to their tables.

After the marching – players and umpires are prepared by their tables.

**Org. Committee:** Most of the members of the Organizing Committee are working there already some years. It's therefore possible to say they have enough experiences with this job the level of their work is very good.

**About the tournament :** 67% of the players were from the Arabic countries and it is really well for the development of the Table Tennis of the Disabled in the Middle East. The environment of the tournament was very friendly even if on the tables everyone fought with the full employment. After the matches were again the players and the coaches the best friends again only!

**Congratulation to all of members of the local OC, their volunteers and the ball boys and girls too and of course of the officials and the umpires which proven to lead all of the events without some problem and always following the time schedule.**

**The organization of 5th Al Watani Open 2012 was really very good and all of the participants could feel there very well.**
