NEW DATE FOR ATHENS 2004 SELECTIONS

Due to the organization of the Africa / Middle East Championships from December 4th till December 11th, 2003, a special ranking list shall be published on December 15th for Athens 2004 selections.

Only the points of the A/ME Championships can be added on the ranking list after December 1st and before December 15th.

All the points of the tournaments organized in December 2002 stay on the ranking list !

CORRECTIONS TO THE REGIONAL SELECTIONS

Initially I had foreseen to select also the Silver winner in Europe but it's not correct to the Qualification Guide from IPC that I have to follow.

So, I can select only the TOP player in Regional Championships, this means only the **Gold winners**.

The 4 regional slots foreseen for Silver winners in Europe class 3, class 4, class 5 and class 8 must go over to the Ranking Allocations System just like the slots not used by the non organization of an event.

See the modifications in the selected player's list - Regional slots.
