Finals evaluations:

It is possible to reprehend to Organizers some deficiencies, like for example:

1. Few and ball boys all along the tournament
2. Not flags of Armenia and Kazakhstan because of their late entry - participated countries in the playing hall

Of course, on the opposite side, I was nicely taken by very friendly of all participants and Organizers. The timetable was prepared well and we always finished in approximately planed time. Accommodation was very good and transport was perfect. We had plan from 9 a.m. to 9 p.m.

During the tournament we had no protest from the participants and the Organizers tried to solve each small pertinent problem quickly and with the smiling face.

Regardless of these problems, 4th Women Islamic Games were organized very well IPTTC tournament, with the family strain and I would like to thank to all of the Organizers for it.
