

ADDITION TO NOTE OF THE REGIONALS CHAMPIONSHIPS 2009

Our four IPTTC Regions have different possibilities for the organization of their Regional Championships. They need for it various number of playing days, TT tables, accommodation or transport means.

However some of the basic conditions could be the same for all of the Regional Championships :

1. the needed number of accommodation will have to be fully accessible for the wheelchair participants
2. Venue has to be accessible for wheelchairs, and also meet other normal requirements for a table tennis tournament too (good lighting, floor, no day light, ...)
3. The TT tables for the wheelchair part of the tournament will have to be IPTTC approved
4. OC of each Regional Championships will have to have enough number of the right members with experience from past IPTTC tournaments
5. OC should have the good contact with the city fathers and with the other representatives of Region of country
6. OC should have good cooperation with the media

I suppose, each of the future candidates of the Regional 2009 will have in OC people with knowledge of the conditions for the IPTTC tournaments. In that case I am sure, these simple information above and the last version of our Rules (page 14 – 16), could give them the necessary information for filling up the Application form.

Nevertheless, if you will need some additional information or details about the conditions for Championships in your Region, please ask your Regional Representative:

AFRICA	Alison Burchell	secretary.general@ipttc.org
AMERICAS	Leandro Olvech	americas.rep@ipttc.org
ASIA & OCEANIA	Silas Chiang	asp.rep@ipttc.org
EUROPA	Jiri Danek	europe.rep@ipttc.org

If you need some next technical details, you could ask me directly.

Jiri Danek

Tournaments Officer of IPTTC
