Evaluation:

Accommodation –	The Alfana Palace Hotel was accessible for the wheelchairs. The level of the accommodation was very good. The participants lived there in the double and single rooms. All the meals were very good there too.
Transport -	The transport officer Ahmad Hyasat was the experienced member of OC and he organized both of the transport very well.
Sport equipment -	Very good, ITTF approved for all of our classes.
Information:	Time schedule and draw were on the information board , all of the next information were given to delegations through the pigeonholes.
Referee :	Mohamed Bassyouni (EGY) was very experienced referee, which did prove to operate the tournament without some problems and following the time schedule.

Referee Mohamed Bassyouni from Egypt

His cooperation with the deputy referee, umpires or the computer men too was very good . He led the whole program in the hall exactly following the Rules, but without some conflicts. Mohamed Bassyouni, was excellent for Al Watani tournament, therefore more than 60% of the participants were from Arabic countries and he could speak with them in Arabic.

Deputy referee :

Deputy referee was Isam Alfakir (JOR). He cooperated well with the referee and umpires too. For him was important to obtain the more experiences with the proceedings of PTT tournaments. His cooperation with the referee and umpires + all of next his jobs for Al Watani tournament were very good.

Umpires:

Good team! Although all of them were from Egypt only we had no some problem with their job during the whole tournament. They were always in time in call area and for marching or for Umpiring too.They knew Rules very well and were fully respected by players.

Referee, dep. referee + umpires of Al Watani 2013.

Computermen:

Mohammad Smadi and Ammar Algadi were very good and experienced team, therefore their work was always in time and well made.

Ball boys :

In hall was always the enough number of them, well organized and well instructed by their leaders. All of them had always nice, uniform black jumpers. Before the tournament, they practiced the ball boys job one week and therefore their job during the events were the whole time without problems. One of the best ball boys team which I met during my TD jobs!!

The ball boys and two leaders which worked for Al Watani 2013

Organization : The whole organization of the tournament was made already very professionally, therefore the organizers always try to learn from some mistakes which were made in their previous tournament. Two times daily: morning before the 1st round and after the lunch, were organized the nice marching of the umpires + players with the music to their tables.

Org. Committee: Most of the members of the Organizing Committee are working there already some years. It's therefore possible to say they have enough experiences with this job the level of their work is very good.

In the end : Therefore in the both of the last Al Watani tournaments played more than 60% of players from the Arabic speaking countries, I am sure that the Arabic speaking referee could be for this tournament the best one.

I'd like to congratulate to all of members of the local OC, their volunteers and the ball boys too and of course I congratulate to all of other officials and the umpires which proven to lead all of the events without some problem and always following the time schedule.

The organization of the 6th Al Watani Open 2013 was really very good and all of the participants could feel there very well.
