**Accommodation – Meals:** Organizing Committee used the Paralympic Village to accommodate all players all officials at the same level as Paralympic Games. All procedures are the same as Paralympic Games. The meals serviced in the village and for the people that they don't have time to return back in the village there was soft lunch at the venue. Breakfast and Dinner was in the village. As all knows in the diving area in the village the service is 24 for hours and with plenty difference foods.

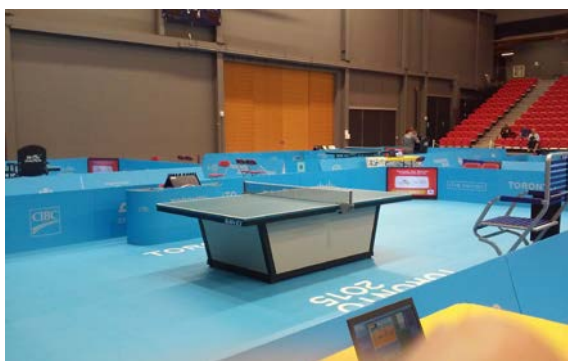

**Venues :** The new venue “Markham” host the Table Tennis tournament of Pan-American and Para Pan Games Toronto 2015. Training site was the High School 200 metres from Venue, inside it was the Classification area.

We used 5 tables SAN-EI full accessible for wheelchair players.

And 5 tables SAN-Ei for standing players

All equipment was SAN EI.

The results system works with volunteer, and there was two screens in every playing area. Many times there was problem because there not good visible from spectators. The biggest problem in the tournament and in the information's procedure was that there was not a big screen (video wall) in the venue that we used for results, so we have not enough information for the spectators.
